* ***This column represents the number of inmates currently incarcerated with COVID-19 |***

Prisons may implement quarantine procedures when staff or inmates test positive. Quarantined facilities are operating under modified movement and the populations are being separated by unit along with other precautionary measures. Every inmate at these facilities is monitored daily and has their temperature taken along with a check for symptoms. Overall testing increases are partially attributed to implementation of mass testing at designated facilities beginning 04/11/2020.
