Employees & Guests

Mandatory

- **Ensure minimum 6 feet between people, if not possible, install barriers**
- Personnel should work from home when possible and feasible with business operations
- Limit travel as much as possible
- Stagger arrival of all employees and guests
- Businesses must require all employees to wear facial coverings, except for one of the following reasons:
  - Facial coverings in the work setting are prohibited by law or regulation
  - Facial coverings are in violation of documented industry standards
  - Facial coverings are not advisable for health reasons
  - Facial coverings are in violation of the business’s documented safety policies
  - Facial coverings are not required when the employee works alone in an assigned work area
  - There is a functional (practical) reason for an employee not to wear a facial covering in the workplace.
  (*Businesses must provide written justification to local health officials, upon request, explaining why an employee is not required to wear a facial covering in the workplace. At minimum, facial coverings (masks) should be cloth/fabric and cover an individual’s nose, mouth, and chin.*)
- Employees must perform daily symptom assessment*
- Require employees to stay home if symptomatic
- Require regular handwashing by employees
- Place hand sanitizers in high-contact locations

Recommended Best Practices

- **Ensure seating distance of minimum of 6 feet or more**
- Consider having customers wear face coverings at all times
- Enable natural workplace ventilation
- Health questionnaire for symptoms at entry
- Temperature taking protocol

Physical Spaces / Workstations

- Frequent disinfection of desks, workstations, and high-contact surfaces
- Daily disinfection of common areas
- Cancel/postpone in person events when social distancing guidelines cannot be met
- No buffet in cafeteria
- Utilize disposable tableware and other materials
- Establish maximum capacity
- Reduce sharing of work materials
- Post signage on health safety guidelines in common areas

Confirmed Cases

- Immediately isolate and seek medical care for any individual who develops symptoms while at work
- Contact the local health district about suspected cases or exposures
- Shutdown shop/floor for deep sanitation if possible

Redesign/space workstations for 6 feet or more of distance

- Close cafeteria and gathering spaces if possible, or conduct regular cleanings
- Limit congregation in office spaces
- Divide essential staff into groups and establishing rotating shift
- Availability of at least 3 weeks of cleaning supplies

- Work with local health department to identify potentially infected or exposed individuals to help facilitate effective contact tracing/notifications
- Once testing is readily available, test all suspected infections or exposures
- Following testing, contact local health department to initiate appropriate care and tracing

*Per the CDC, symptoms include cough, shortness of breath, difficulty breathing, fever, chills, repeated shaking with chills, muscle pain, headaches, sore throat, and new loss of taste or smell.  Revised 7/27
