COVID-19 | Total Test Performed

Total COVID-19 Tests Performed - Ohio

All dates are based when an indicator is reported and will not match data in other COVID-19 dashboards provided by the Ohio Department of Health. All other dashboards are based on onset date, date of hospitalization, or date of death.
RAPID PUBLIC HEALTH ACTION CAN BOX IN COVID-19 AND REOPEN SOCIETY

1. Test Widely
2. Isolate All infected people
3. Find Everyone who has been in contact with infected people
4. Quarantine All contacts self-isolate for 14 days

Box It In To get us all working again

How Viruses Spread

Effective Reproduction Rates*

*The effective reproduction number (R₀) of a viral infection is the mean number of additional infections caused by an initial infection in a population at a specific time.

Source: Thomas V. Inglesby, MD, Johns Hopkins Bloomberg School of Public Health, via JAMA Network.
## Adaptive Response

**Help prevent the spread of COVID-19**

### Effective and Coordinated Response
- Establish a functional, adequately funded and interconnected incident management system
- Clearly communicate evidence-based information through the multiple means
- Daily briefings from a trusted source

### Box the Virus In (Disease Control)
- Implement individual (hand/cough/illness) and environmental hygiene
- Test widely
- Isolate infected people
- Trace and quarantine contacts

### Case Management
- Protect healthcare workers
- Manage COVID-19 cases
- Provide social, economic, and emotional support for patients
- Facilitate the development of diagnostics, therapeutics and vaccines

### Physical Distancing
- Make informed decisions based on potential impact, surveys and objective assessments
- Implement and assess adherence to physical distancing and hygiene measures
- Monitor for violence, social disruption and other negative impacts of physical distancing
- Assess and implement as indicated quarantine of travelers and restrictions on travel

### Essential Health Services
- Maintain vaccination, maternal and child health, behavioral health and care of chronic conditions

### Essential Societal Services
- Ensure security and access to basic provisions, power, water, internet, media, and financial services

### Pharmaceutical Interventions
- Treatments
- Vaccines
