

# COVID - 19 | Key Indicators

Last Updated: 06-16-20

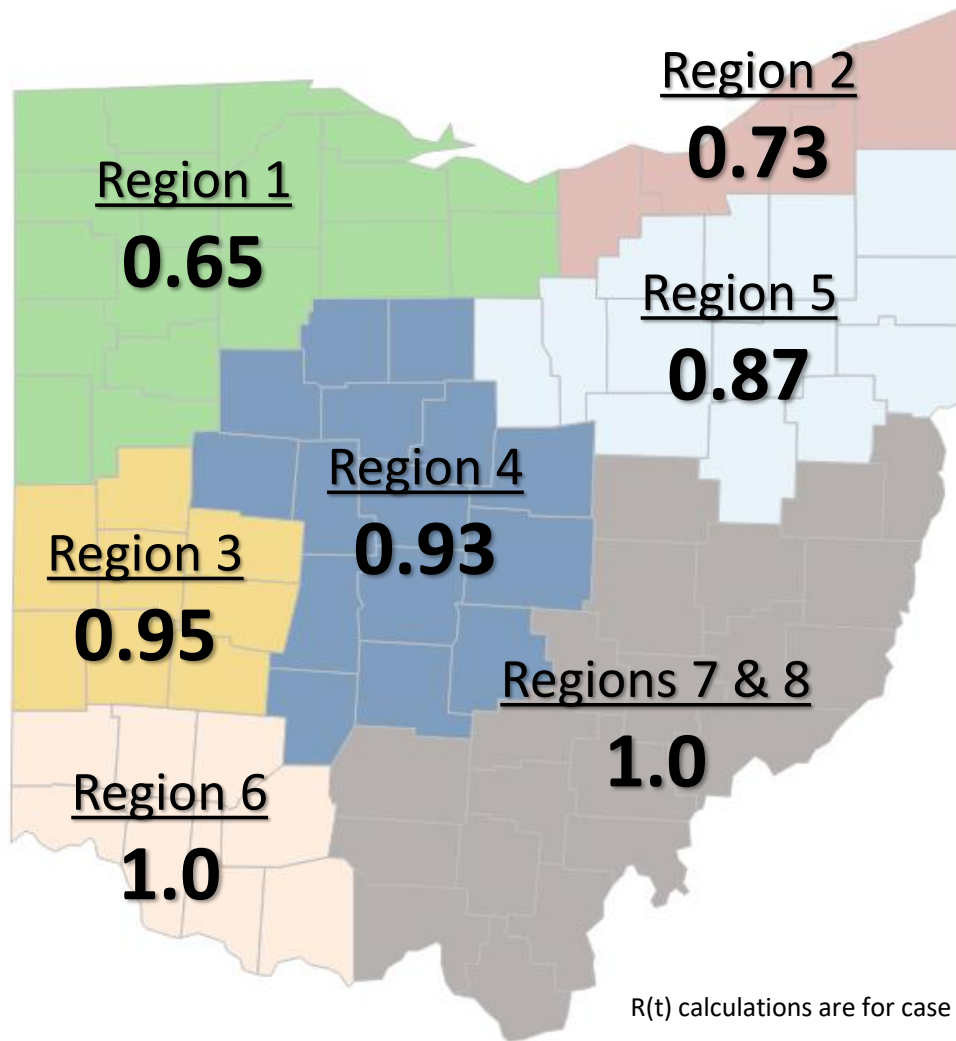

All dates are based when an indicator is reported and will not match data in other COVID-19 dashboards provided by the Ohio Department of Health. All other dashboards are based on onset date, date of hospitalization, or date of death.

Note: Totals include Confirmed and CDC Expanded Case Definition (Probable)

Department of Health

R(t) calculations are for case onset dates up to and including June 7<sup>th</sup>.
