

COVID - 19 | Key Indicators

Last Updated: 11-23-20

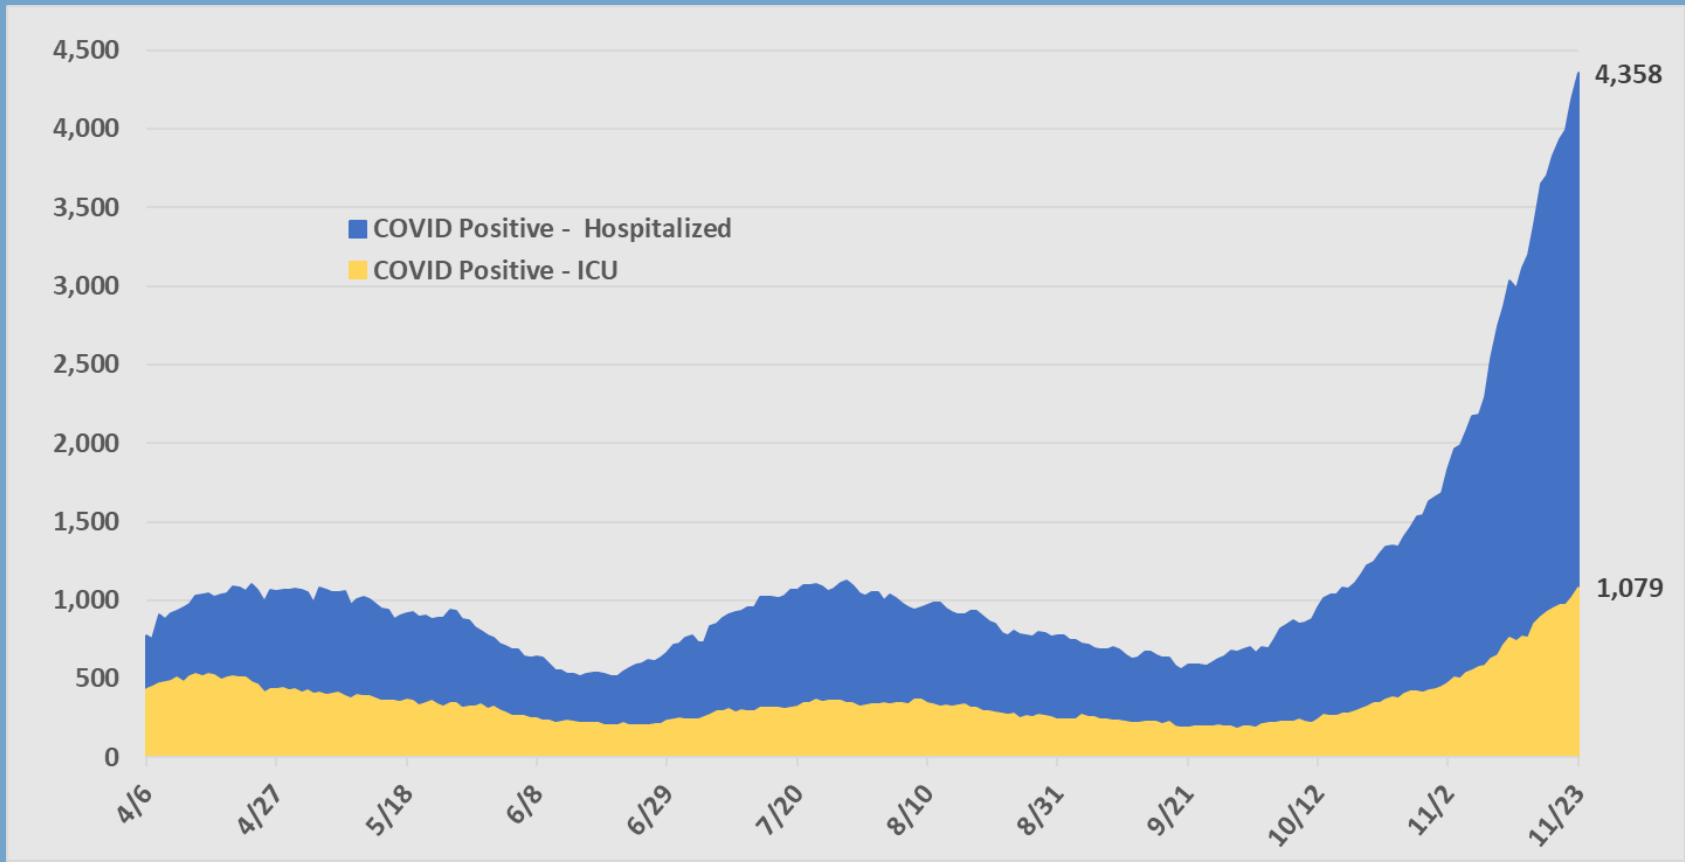

All dates are based when an indicator is reported and will not match data in other COVID-19 dashboards provided by the Ohio Department of Health. All other dashboards are based on onset date, date of hospitalization, or date of death.

Note: Totals include Confirmed and CDC Expanded Case Definition (Probable)

of Health

You bring everyone you've been around with you, so there's no telling who or what might show up. Stay safe, celebrate small.

Protect your loved ones from invisible threats, like COVID-19, that uninvited guests may bring this holiday season.
