RE: Recall Announcement (ODA/ODH) 2019-96b

**King Arthur Flour Updates Three Lot Codes of Voluntarily Recalled Unbleached All-Purpose Flour (5 lb.)**

King Arthur Flour, Inc. was notified by ADM Milling Co. that three additional product lot codes of Unbleached All-Purpose Flour 5 lb. were omitted from the original data they provided for the press release on October 3, 2019. The additional lot codes and their corresponding "Best Used By" dates are listed below:

Best Used by Date **12/09/19**: Lot codes **L18A09A** & **L18A09C**

Best Used by Date **01/08/20**: Lot code **A19A08A**

This new information only applies to "Best Used By" dates already disclosed in the prior release. No additional Best Used By dates are introduced as a result of these three updated lot codes.

As stated in the prior release, we have undertaken this voluntary recall because of the potential presence of *E. coli* 026.

King Arthur Flour has not received any confirmed reports of illnesses to date related to this product.

Consumers who have any of these affected products should throw them away and may submit a claim for a refund or replacement at [kingarthurflour.com/voluntaryrecall](http://kingarthurflour.com/voluntaryrecall), or by calling our King Arthur Flour Consumer Hotline at 866-797-9178.

Consumer safety is our top priority. Consumers are reminded to wash their hands, work surfaces, and utensils thoroughly after contact with raw dough products or flour, and to never eat raw dough or batter. The Centers for Disease Control (CDC) warns consumers to not consume raw products made with flour. *E. coli* O26 is killed by heat through baking, frying, sautéing, or boiling products made with flour. For more information, refer to the following:
