RE: Recall Announcement (ODA/ODH) 2020-037

**Chicago Indoor Garden Voluntarily Recalls Clover Sprouts and Products Containing Clover Sprouts Due To Possible Health Risk**

Due to an abundance of caution, this letter is to inform you of a voluntary recall we are performing of all products that contain Red Clover sprouts per recommendation by the FDA. This includes the following products:

1. Red Clover 4oz. clamshell
2. Red Clover 2lb. boxes
3. Sprouts Salad 6oz. clamshell
4. Mixed Greens 4oz. clamshell
5. Spring Salad 6oz. clamshell

It has been brought to our attention by the FDA that products containing Red Clover sprouts purchased with the "Best By" dates between 12/1/19 through 3/12/20 may have been contaminated with E. coli0103. At this time no illnesses have been reported.

If you have any of the products listed above, please throw them away or return them to our facility immediately.

We assure you that we have been working diligently to produce a safe product for our customers. We have held the raw material that may be suspect, and in the meantime are continuing to grow Red Clover sprouts with seed from a different supplier to ensure this will no longer be problem in the future. If you have any questions regarding this matter, please contact our office at 773-772-5858.
