RE: Recall Announcement (ODA/ODH) 2018-083a

UPDATE: Caito Foods, LLC Voluntarily Recalls Fresh Cut Melon Products Because of Possible Health Risk

The FDA is sharing additional distribution information that identifies retail locations that may have received potentially contaminated product subject to the recall. The FDA is advising consumers to [discard any recalled products purchased at the listed locations](#).

The FDA is sharing a consolidated list of retail locations with consumers as the information becomes available. The retail information augments product information released on June 8th. Additional retail locations may be added as more information is received by the FDA. This list has been compiled from lists firms have reported to FDA that received recalled bulk product. Firms may be added or removed as more information becomes available. Consumers may wish to ask a retailer directly if the recalled product was available for sale.

As of June 12, and 13, 2018, locations in Iowa, Pennsylvania, West Virginia, and Wisconsin have been added that received potentially contaminated product.

Link to original recall: <https://www.odh.ohio.gov/pdf/foodRecall/fr18083.pdf>

Recalled Products from Caito Foods, LLC

The additional distribution information is broken down by state: [Georgia](#), [Illinois](#), [Indiana](#), [Kentucky](#), [Michigan](#), [Missouri](#), [North Carolina](#), [Ohio](#), and Iowa
