RE: Recall Announcement (ODA/ODH) 2019-177

Mann Packing Co., Inc. Voluntarily Recalls Vegetable Products Sold in the United States and Canada Due to Potential Health Risks

Mann Packing Co., Inc. announced today the voluntary recall of a series of vegetable products sold to select retailers in the United States and Canada. The voluntary recall is a response to a notification by the Food and Drug Administration and the Canadian Food Inspection Agency of a potential contamination with *Listeria monocytogenes*. To date, public health officials have not reported any illness associated with these products.

Mann Packing is issuing this recall out of an abundance of caution. *Listeria monocytogenes* is an organism which can cause serious and sometimes fatal infections in young children, frail or elderly people, and others with weakened immune systems. Although healthy individuals may suffer only short-term symptoms such as high fever, severe headache, stiffness, nausea, abdominal pain and diarrhea, *Listeria* infection can cause miscarriages and stillbirths among pregnant women. Mann Packing will continue to work closely with the authorities to investigate the issue.

The recalled products have "Best If Enjoyed By" date of October 11, 2019 to November 16, 2019. The following is a full list of products:
