

Population coverage of Diabetes Self-Management Education/Program (DSME/P) locations within 15- and 30-minute drive times, Ohio, December 2017

Utilizing the population-weighted centroid of census block groups and the location of the 147 DSME/Ps (Diabetes Self-Management Education or Diabetes Self-Management Program) in Ohio, this geospatial analysis shows that 73.7 percent of Ohioans live within a 15-minute drive of an Ohio DSME/P location. An additional 22.8 percent live within a 16 to 30-minute drive. The current infrastructure of DSME/P providers covers 96.5 percent of Ohioans, leaving nearly 400,000 people without ready access to these services.
