Field Level Notes for Form 10a NPMs:

1.	Field Name:	2017
	Column Name:	Annual Objective

Field Note:

Although we fell short of our 2016 objective of 79.3%, we are not revising our annual objectives at this time. We still feel like 80.9% is a reasonable goal for 2017. For 2022, we are setting the objective equal to that of 2021. That is because we will be nearing 90% which is a large percentage of mothers.

NPM 4 - B) Percent of infants breastfed exclusively through 6 months

Annual Objectives						
	2017	2018	2019	2020	2021	2022
Annual Objective	23.5	24.2	24.9	25.6	26.4	26.4

Field Level Notes for Form 10a NPMs:

1.	Field Name:	2017
	Column Name:	Annual Objective

Field Note:

For 2016, our objective of 22.9% was nearly met. Therefore, we are leaving the annual objectives the same. For 2022, we are setting the objective the same as 2021 since we don't feel that we have enough information at this time to set a reasonable objective.
