

## Population coverage of Medication Therapy Management (MTM) Consortium sites within 15 and 30 minute drive times, Ohio, January 2017

Utilizing the population-weighted centroid of census block groups and the location of participating Federally Qualified Health Center (FQHC) sites where MTM services are provided, this geospatial analysis shows that 34.9 percent of Ohioans live within a 15 minute drive of a participating FQHC site that provides MTM services. An additional 26.7 percent live within a 16 to 30 minute drive.
