

OHIO INJURY PREVENTION PARTNERSHIP

Prescription Drug Abuse Action Group

The Prescription Drug Abuse Action Group (PDAAG) is a subgroup of the Ohio Injury Prevention Partnership (OIPP). It was created to focus specifically on the epidemic of drug overdose deaths.

The purpose of the PDAAG is to identify and implement actions for the prevention of prescription drug misuse, abuse and overdose and to serve as a means of communication and collaboration on this topic among interested organizations, agencies and individuals throughout the state.

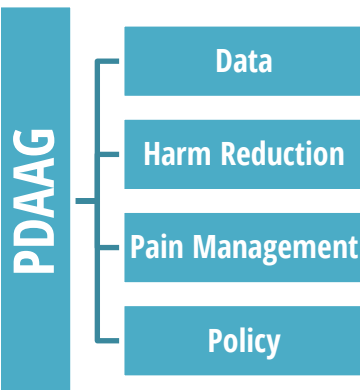

May 2019 Newsletter

Vision: TBD at the August 2nd meeting.

Mission: TBD at the August 2nd meeting.

Join a subcommittee after becoming a member of OIPP and PDAAG. Subcommittee are where the work of PDAAG's strategic plan happens.

Strategic Plan Goals:

1. Infrastructure – promote membership
2. Improve disseminations and utilization of surveillance data
3. Improve safe, responsible pain management practices
4. Promote harm reduction practices and policies
5. Promote the adoption and enforcement of model, evidence-informed policies related to overdose

2019 Mini-Grants have been awarded to the following applicants. Congratulations!

- **Family Recovery Center** – Working to train and supply naloxone kits to inmates and provide follow up care.
- **Madison County Public Health** – Create ORT (Overdose Response Team) and work with peer support specialists to reduce unintentional overdoses.
- **Summit County Community Partnership** – Training on safe medication use, storage and disposal and distribution of deactivation pouches.
