- The Ohio State Highway Patrol will not issue tickets to drivers whose licenses recently expired or expire while BMV's services are unavailable. Governor DeWine has recommended that other law enforcement agencies in Ohio do the same.
- A number of other state registry/licensing agencies also are suspending operations and license issuance. Ohio BMV will be in communication with law enforcement in other states regarding driver license expiration enforcement. Discussions have begun with bordering states.
- On Tuesday, March 24, 2020, the Ohio Department of Insurance [notified](#) all insurers that, effective immediately, they must not cancel, non-renew, or refuse to issue a policy of automobile insurance, or deny a claim solely because the driver license of a named insured or other covered family member has expired since Governor DeWine's March 9, 2020, declaration of emergency.
- Additionally, the automobile insurance premium amounts charged for new or renewal automobile insurance policies must not be calculated in a manner that will adversely impact the policyholder due to an insured driver's inability to renew his or her license. The Ohio Department of Insurance Superintendent does not expect insurers to submit filings in order to provide policyholders with flexibility. This practice expires 30 days after the expiration of the state of emergency declared by Governor DeWine on March 9, 2020.
- The governor's office will work with the legislature to extend license and registration expiration dates.
- Ohio car dealerships have been directed to issue temporary tags for 90 days. Ohioans conducting a casual/person-to-person sale will be able to use BMV online services to apply for and purchase a 90-day temporary tag that they will receive via mail.
- For drivers with existing temporary tags that will expire, the BMV is providing a Hardship Temporary Tag that may be purchased through BMV Online Services at www.oplates.com. Enter the current Temporary Tag Number and Expiration Date, along with the last six digits of the Vehicle Identification Number (VIN). A new vehicle registration and 90-day temporary tag will be mailed to the address registered to the vehicle.
- E-Check automobile emissions testing stations in the seven-county Cleveland-Akron metro area have temporarily closed due to COVID-19 concerns. The Ohio Environmental Protection Agency will be coordinating with Ohio BMV to assist people who are unable to get E-Check performed and need to renew their vehicle's registration. Updates and information about the E-Check program is at ohiocheck.org.
