• The federal motor carrier safety administration (FMCSA) has extended MCERT and HAZMAT requirements: [FMCSA CDL Waiver 03-24-2020](#).

• The Ohio State Highway Patrol will not issue tickets to drivers whose licenses recently expired or expire while BMV’s services are unavailable. Governor DeWine has recommended that other law enforcement agencies in Ohio do the same.

• A number of other state registry/licensing agencies also are suspending operations and license issuance. Ohio BMV will be in communication with law enforcement in other states regarding driver license expiration enforcement. Discussions have begun with bordering states.

• On Tuesday, March 24, 2020, the Ohio Department of Insurance notified all insurers that, effective immediately, they must not cancel, non-renew, or refuse to issue a policy of automobile insurance, or deny a claim solely because the driver license of a named insured or other covered family member has expired since Governor DeWine’s March 9, 2020, declaration of emergency.

• Additionally, the automobile insurance premium amounts charged for new or renewal automobile insurance policies must not be calculated in a manner that will adversely impact the policyholder due to an insured driver’s inability to renew his or her license. The Ohio Department of Insurance Superintendent does not expect insurers to submit filings in order to provide policyholders with flexibility. This practice expires 30 days after the expiration of the state of emergency declared by Governor DeWine on March 9, 2020.

• On March 27, 2020, Governor DeWine signed Sub. H.B. 197, which states that Ohio licenses (including driver licenses, CDLs, identification cards, temporary instruction permits, vehicle registrations and vehicle temporary tags,) expiring during the declared State of Emergency shall remain valid until either 90 days after the declared emergency ends, or December 1, 2020, whichever comes sooner. The state of emergency was declared by Governor DeWine on March 9, 2020.

• Due to the ongoing COVID-19 pandemic, the Ohio Environmental Protection Agency temporarily closed all E-Check stations close of business March 19. Ohio BMV is providing an automatic extension so that motorists can renew their vehicle’s registration without a passing E-Check certificate. On March 26, 2020, approximately 195,603 vehicle registrations had been updated with the EPA Hardship Waiver, therefore allowing customers the ability to complete an online, mail-in, or IVR registration renewal without being prompted for an E-Check certification. Updates

and information about the E-Check program is at [ohiocheck.org](https://ohiocheck.org).

- The Transportation Security Administration (TSA) has announced that they will accept licenses that have expired since March 1, 2020, as valid for airline travel.

- On March 26, 2020, the United States Department of Homeland Security extended the REAL ID deadline one year to October 1, 2021.

- The BMV will pause suspensions for failure to pay or renew a license. Customers are urged to renew vehicle registrations online at [www.bmv.ohio.gov](http://www.bmv.ohio.gov) or by mail with their vehicle registration renewal notices.

- Deputy registrar staff will be able to take advantage of the new, relaxed unemployment rules. There will be no one-week waiting period and no requirement to look for work. The closures are expected to be temporary and allow employees to return to their positions. Deputy registrars may look into the Small Business Administration loan opportunity as well.

- Ohioans are only required to have their driver license or state ID number to apply for unemployment. For additional identification information related to unemployment, visit: [http://jfs.ohio.gov/ouiio/CoronavirusAndUI.stm](http://jfs.ohio.gov/ouiio/CoronavirusAndUI.stm)

- Driver examination station employees will be asked to telework during this closure period.

- Customers can reach out to the BMV directly by calling 844-644-6268.
