COVID-19 Checklist

COVID-19 Checklist for Colleges and Universities

Top 5 Things You Can Do to Prepare for COVID-19

Ohio Department of Health Director Amy Acton, M.D., MPH, strongly recommends that all colleges and universities immediately take the following actions:

☑ Prepare to conduct all classes online. When cancelling in-person classes, look to other universities for examples.

☑ Cancel or postpone mass gatherings. For sporting events family members and media will still be able to attend.

☑ Screen students returning to school from international travel or cruises, including but not limited to students returning from spring break travel. Cancel or postpone any university-sponsored international or non-essential travel for students and faculty.

☑ Engage campus EMA/EMS/campus police to establish an incident command system structure in case it is needed.

☑ Establish food delivery services from cafeterias so that students who have illness consistent with COVID-19 (fever, cough, shortness of breath) do not have to leave their rooms to get food.
