RE: Recall Announcement (ODA/ODH) 2020-008

**Culinary International, LLC Recalls Chicken Burrito Products Due to Misbranding and Undeclared Allergens**

**WASHINGTON, Jan. 10, 2020** – Culinary International, LLC, a Vernon, Calif. establishment, is recalling approximately 626 pounds of egg burrito products labeled as chicken burrito products due to misbranding and undeclared allergens, the U.S. Department of Agriculture's Food Safety and Inspection Service (FSIS) announced today. The products contain eggs, a known allergen, which was not declared on the product label.

The frozen, not ready-to-eat (NRTE) chicken burrito items were produced on Sept. 10, 2019. The following products are subject to recall: [[View Labels](#) (PDF Only)]

- 6-oz. packages containing "evol. CILANTRO LIME CHICKEN BURRITO" with lot code B9253 J1 P6009 and "BEST BY 03 MAR 2021CB" represented on the label, and Item #00300, Lot CB03031C11 and "BB: 03MAR2021-CB" on the case.

The products subject to recall bear establishment number "P-6009" inside the USDA mark of inspection on the case, and on the back of the immediate packaging with the lot code. These items were shipped to retail locations nationwide.

The problem was discovered after FSIS and the firm received consumer complaints reporting that the cilantro lime chicken burritos were actually egg burritos.

There have been no confirmed reports of adverse reactions due to consumption of these products. Anyone concerned about an injury or illness should contact a healthcare provider.

FSIS is concerned that some product may be in consumers' freezers. Consumers who have purchased these products are urged not to consume them. These products should be thrown away or returned to the place of purchase.

FSIS routinely conducts recall effectiveness checks to verify that recalling firms are notifying their customers of the recall and that actions are being taken to make certain that the product is no longer available to consumers. When available, the retail distribution list will be posted on the FSIS website at [www.fsis.usda.gov/recalls](http://www.fsis.usda.gov/recalls).

Members of the media with questions about the recall can contact Daniel Hare, Sr. Director of Communications at Conagra Brands, at (312) 549-5355. Consumers with questions about the recall can contact Conagra Consumer Care at (888) 849-6243.
